## Message from the Competition Commission Chair

**Mrs Alison Odell**  
EUSA Honorary Member

Ladies and gentlemen, friends in sport,

I am very happy and excited to welcome you to the 3rd edition of the European Universities Games here in the cities of Zagreb and Rijeka, Croatia. This edition is the biggest in the history of EUSA, with more than 5.700 participants taking part in 21 sports, with the introduction of two of them (Swimming and Table Tennis) for student athletes with disabilities. This is an important step forward in our sport program!

EUSA and the Organising Committee have prepared the venues and sporting environment to the highest standards to allow you to excel in each and every one of your sporting competitions.

Almost 900 university teams from 41 countries will be competing for gold. Although only a few will receive the medal, all the teams can be winners – winners of through fair play, earning respect of their opponents, of the competition officials on the field of

play and of the officials and spectators present at the venues. EUSA strongly supports the Fair Play ideology, alongside competing free from doping!

It is my sincere wish that we reach the end of the European Universities Games with 900 winning teams, all winners through Fair Play.

Good luck!

## Message from the OC Sports Director

**Mrs Danira Bilic**  
OC Sports Director

Dear participants and sports friends,

On behalf of the EUG 2016 Committee for sport, I would like to extend a warm welcome to all of you to the 3rd European University Games held in Zagreb and Rijeka.

We have been preparing and promoting these Games throughout the last two years in order to ensure the best conditions possible. It is my honor to be able to say that this year, for the first time, we have included para sports in two disciplines, para table tennis and para swimming.

In cooperation with OC Technical Delegates, we prepared the most important data about each sport in Zagreb and Rijeka as well as data about demonstrative sports and para sports.

This Brochure contains all information you might need, so I hope you find it useful.

Under our motto "Heart believes – Mind achieves", I wish you success, fair play and especially lots of new

friendships and memories. I hope you will also enjoy Zagreb and Rijeka and everything they have to offer.

Good luck to everyone!

## Message from the EUSA Technical Delegate – Badminton

**Isabelle Jobard**  
Technical Delegate Badminton

**Eric Ligtvoet**  
Assistant Technical Delegate  
Badminton

Dear Badminton players,  
Dear Officials and Volunteers,

Badminton is an integral part of the EUSA sports program since 2004 and offers the only combined Men and Women`s Team Event.

Since 2004, ten European Universities Badminton Championships have been organized throughout Europe. In addition, Badminton being a compulsory sport within the sports program of the EUGames, this is in Croatia, the third edition of the EUGames Badminton Tournament.

This is the first time that the maximum number of 24 participating teams is reached and I am sure that you will all enjoy this event which is giving you the opportunity to meet and share experiences with players from 17 european countries. I hope to see many high quality matches played with fair play and showing good sportsmanship.

I wish to all a very succesful Badminton tournament which will make the EUGames in Zagreb a memorable event for all participants.

Good Luck!

## Message from the OC Technical Delegate – Badminton

**Zeljko Miskulin**

Dear students and athletes,

First of all, I would like to welcome you and to wish you a nice stay in Zagreb. The Games will welcome more than 5.700 participants composing almost 900 teams, representing more than 400 European universities. In badminton there will be participating 22 teams. According to these facts these Games are the largest in terms of the number of sports disciplines and competitors.

Zagreb is the capital and the largest city of the Republic of Croatia. Zagreb is the most important transport hub in Croatia where Central Europe, the Mediterranean and Southeast Europe meet, making the Zagreb area the centre of the road, rail and air networks of Croatia. It is a city known for its diverse economy, high quality of living, museums, sporting and entertainment events.

The students will enjoy a full

## Fair play

program of social activities that will help them to get to know each other on a personal level and form friendships. The Games will prove once again the power of Sport in bringing together people from different nationalities and religions enable them all to spend quality time breaking down barriers. I would like to encourage students and boost their competitive and team spirit. Also I want to thank students and professors, after they return home, on promotion of Croatia and Zagreb and convey their impressions outside Croatia.

Also I would like to use this opportunity to express our appreciation and pride of working all together. Thanks to mutual cooperation of member associations, universities, event organizers, athletes, volunteers, partner organizations and all EUSA friends, the European university sport is thriving.

Once again I wish all the students and professors all the best, a lot of sports successes and fair play.

Fair play is deeply embedded in the values of EUSA. The objective of promotion and encouragement of Fair Play is set already in the statutes of EUSA, as part of the core objectives of the organisation. Partnership with the European Fair Play Movement in 2013 proves this even more. Since 2007, EUSA announces the best gesture of fair play in its sports event for the current year and awards the winners the special fair play recognition, Enno Harms Fair Play Award, named after the first EUSA President, very much devoted to fair play.

During each of the EUSA sporting event, the organisers, EUSA representatives and technical delegates pay special attention to the fair play gestures and attitude. At every sports event a part of the protocol is the oath of the athletes and officials, which includes respecting fair-play.

In some team sports, the athletes demonstrating fair play during the matches, following the rules and pursuing a “clean” game are awarded with a fair play recognition already during the event. The prestigious annual EUSA Enno Harms Fair Play Award, though, is awarded to the best example of fair play, for the individual’s or team’s mentality and actions which stand out the most.

EUSA Executive Committee members on its last meeting in a year discuss the proposals received from all sporting events governed by EUSA in that year and select the team or individual to receive the annual fair play award which is formally handed to them at a special occasion – usually at an EUSA Gala event.

# Anti-Doping Policy

Doping is not a guarantee of success in sport. In fact, its effect is usually the opposite. A lot of elite sportsmen and sportswomen who did doping got caught. As a result, they lost pride and were banned for at least 2 years from participating in a sport they loved and lived for. An even bigger problem of doping are the effects on the body.

In elite sports, doping is defined as a violation of one or more anti-doping rules:

- 1 Presence of a prohibited substance in an athlete's sample**
- 2 Use or attempted use of a prohibited substance or method**
- 3 Refusing to submit sample collection after being notified**
- 4 Failure to file athlete whereabouts information & missed tests**
- 5 Tampering with any part of the doping control process**
- 6 Possession of a prohibited substance or method**

## **7 Trafficking a prohibited substance or method**

## **8 Administering or attempting to administer a prohibited substance or method to an athlete**

You can find the list of prohibited substances and methods on the internet. It's updated every year by the World Anti-Doping Agency (WADA) and it's valid for every sport. You should check every substance you are taking. Athletes need to completely avoid steroids, erythropoietin (EPO), stimulants, human growth hormone (HGH), marijuana and narcotics, and pay special attention also to dietary or nutritional supplements.

EUSA is active in Anti-Doping promotion, and has been a partner in the European Anti-Doping Initiative (EADI), project aimed at establishing an European-wide Anti-Doping mentality in the youth sector by establishing a moral tenor towards concepts such as Fair-play, sensitizing and raising awareness on all levels of the

complex social environment surrounding the doping problematic and implementing strategies to motivate young people to pass on the message and create a strong multiplying effect. Also the International University Sport Federation (FISU) has been actively promoting sports without drugs, also on university sport level.

EUSA is currently not enforcing doping tests at our events. In accordance with the national legislation of the host countries, however, doping controls may be implemented by the National Anti-Doping Agencies. If such doping tests are executed, the WADA rules and regulations are applicable to all athletes. Please remember that testing can be conducted in-competition and out-of-competition. If you are identified in a Registered Testing Pool (RTP), you must provide current and accurate whereabouts information.

What can you do to be an excellent sportsman or sportswoman?

- **Practise right and live healthy**
- **Get more information about consequences of Doping**
- **Play fair and be a good role model to younger athletes**
- **BE COMMITTED TO SPORT WITHOUT DOPING**

**Doping? No, thanks!**

## About Badminton in Croatia

Since the 50s Badminton in Croatia started several times, but until the early 90s, it remained on level of family entertainment and leisure. As the first clubs in Zagreb, Osijek and Rijeka were founded, Croatian Badminton Association and Zagreb Badminton Association were established. Within these Associations regulated competitive badminton was developing, and now it is included in all major European and World competitions. Also Croatian Badminton Association was one of the founders of the Croatian Olympic Committee in 1991.

After the initiators of badminton in Croatia ensured conditions for engagement of foreign coaches - from Ukraine, Denmark, China, Indonesia - the first young players achieved success in the European Junior Cup (European Junior Circuit), and then among seniors. The greatest successes are the title winners at Mediterranean Games in 2013: men double Zvonimir Durkinjak / Zvonimir Hoelbling and title winners of Europe-

an champion in 2014: competition younger juniors Maja Pavlinic and Katarina Galenic. An important outcome are two quarter finals for Croatian representatives at the first European Games in 2015 at Baku - Durkinjak achieved this ranking in men single competition and Durkinjak/Hoelbling in men double competition.

Croatian Badminton Association now has 25 members and several hundred registered players. As a competitive sport in Croatia, badminton is very popular and organized as recreation, as official school sport,

and as organized competitions for students. The main goal for already several generations of players is to achieve the first Croatian appearance at the Olympic Games.

## Protests

The HoD or authorized by him representative of team may protest on behalf of competitors or team. Each protest shall be accompanied by a deposit fifty (50) EUR. If the protest is upheld, the fee will be returned. The protests shall be submitted:

- within twenty (20) minutes after the end of the match to the EUSA Technical Delegate for the match issues,
- before the start of next competition day on published results to the EUSA Technical Delegate for the published issues,
- during the competition to the EUG Competition Commission for technical issues,
- during the competition to the SCAC for non-technical issues,
- within seven (7) days after the EUG to the EUSA Executive Committee for the EUG issues.

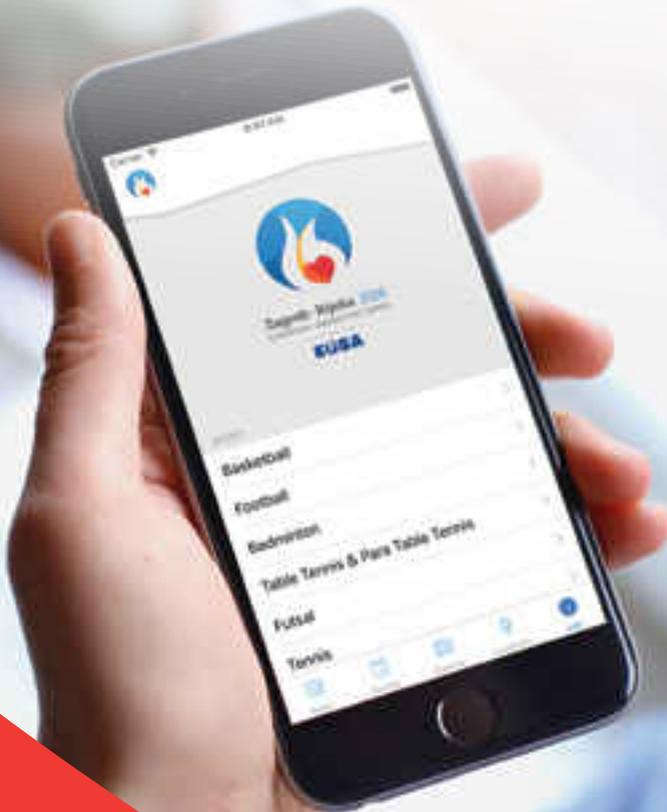

Protests on referee decisions are not allowed, if it is not regulated differently in the ESF/ISF Regulations of the respective sport.

The submission of the protest can be submitted also in the Resolution desk, at the EUG Headquarter.

## Results

The results will be available on the official EUG2016 website ([www.eug2016.com](http://www.eug2016.com)) and **EUG2016 mobile application**. You can download the App from the App Store for iPhone or from Google Play for Android. Results will be published at the campus Info desk as well.
